

New Source Review newspaper advertisements for construction permit applications, November 2, 2006. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: October 31, November 1, or November 2, 2006. Public notices are generally published every two weeks. The previous publication of public notices was October 17 – 19, 2006.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Kitchen Craft and Design with a mailing address of 1045 W. Broad Street, Smithville, TN 37166. They seek to obtain an air contaminant permit (Division identification number: 21-0045-01/60358) to modify a Surface Coating Operation located at 1045 W. Broad Street, Smithville, TN 37166. This existing operation consists of paint spray booths, a paint spray machine, and associated equipment used for the surface coating of wood cabinets and accessories. Exhaust filters are used to control particulate (TSP) emissions. The requested modifications are to increase production and to increase the allowable VOC emissions to 96.8 tons per year. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. W. Medley is the assigned Division person.

For the Dekalb County "Smithville Review"--published once on or before Thursday, November 2, 2006.

The applicant is J Hamm Company with a mailing address of P.O. Box 47, Statonville, TN 38379. They seek to obtain an air contaminant permit (Division identification number: 36-0091-01/60348) for construction of a Batch Mix Asphalt Plant at 3935 Highway 64, Crump, TN 38327. This proposed operation would consist of a batch mix asphalt plant, aggregate piles, conveyors, asphalt cement storage, and associated equipment used to produce hot mix asphalt. No. 2 fuel oil would be used as fuel for this operation. A wet scrubber would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. P. Hendricks is the assigned Division person.

For the Hardin County "Courier"--published once on or before Thursday, November 2, 2006.

The applicant is Forcum Lannom, Inc. with a mailing address of P.O. Box 1466, Dyersburg, TN 38025-1466. They seek to obtain an air contaminant permit (Division identification number: 48-0037-01/60252) for a Concrete Batch Plant located at 30 Vaughn Road, Tiptonville, TN 38079. This existing operation consists of cement storage silos, sand and gravel stockpiles, and associated equipment used to produce concrete which is discharged by weigh-batcher into trucks for transit mixing. Exhaust filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. G. Latif is the assigned Division person.

For the "Lake County Banner"--published once on or before Thursday, November 2, 2006.

The applicant is Solomon Corporation with a mailing address of P.O. Box 1009, Decatur, TN 37322. They seek to obtain an air contaminant permit (Division identification number: 61-0045-01/60322) for construction of a Surface Coating Operation at 201 Polymer Drive, Decatur, TN 37322. This proposed operation would consist of two (2) paint spray booths for coating electrical transformers and other miscellaneous electrical components. Exhaust filters would be used to control particulate (TSP) emissions. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Medley is the assigned Division person.

For the McMinn County "Daily Post-Athenian"--published once on or before Thursday, November 2, 2006.

The applicant is Letica Corporation with a mailing address of 52585 Dequindre Road, Rochester, MI 48307. They seek to obtain an air contaminant permit (Division identification number: 63-0144-01/60321) for modification of an existing Flexographic Printing Operation located at 2593 Old Russellville Pike, Clarksville, TN 37040. The requested modification is to increase the allowable VOC emissions to 60 tons per year. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"--published once on or before Thursday, November 2, 2006.

FIRST APPLICANT

The first applicant is Daily's Travel Center, with a mailing address of 1740 Ed Temple Blvd., Nashville, TN 37208. They seek to obtain an air contaminant permit (Division identification number: 75-0595-01/60326) for construction of a Gasoline Dispensing Facility at 8281 Tridon Drive, Smyrna, TN 37167. This proposed operation would consist of two gasoline storage tanks and associated gasoline dispensing equipment. Stage II gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

SECOND APPLICANT

The second applicant is CMG #111 – On the Run, with a mailing address of 3900 Volunteer Drive, Chattanooga, TN 37416. They seek to obtain an air contaminant permit (Division identification number: 75-0601-01/60350) for construction of a Gasoline Dispensing Facility at 4106 Franklin Road, Murfreesboro, TN 37133. This proposed operation would consist of two gasoline storage tanks and associated gasoline dispensing equipment. Stage II gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Rutherford County "Daily News Journal"--published once on or before Thursday, November 2, 2006.

The applicant is Mapco Express #3427, with a mailing address of 830 Crescent Centre Drive, Suite 300, Franklin, TN 37067. They seek to obtain an air contaminant permit (Division identification number: 83-0385-01/60183) for construction of a Gasoline Dispensing Facility at 985 Greensboro Drive, Gallatin, TN 37066. This proposed operation would consist of three gasoline storage tanks and associated gasoline dispensing equipment. Stage II gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Sumner County "News-Examiner"--published once on or before Thursday, November 2, 2006.

FIRST APPLICANT

The first applicant is BASF Corporation with a mailing address of 200 Iris Drive, Sparta, TN 38583. They seek to obtain an air contaminant permit (Division identification number: 93-0060-06/60357) to modify a Nylon and Polyester Compounding Facility located at the same address. This existing operation consists various compounding production lines and truck/railcar unloading operations. The requested modification is the addition of a third polyester pellet unloading silo (#3). A baghouse would be used to control particulate (TSP) emissions. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Medley is the assigned Division person.

SECOND APPLICANT

The second applicant is S & S Screw Machine Co., Inc. with a mailing address of 1500 McMinnville Highway, Sparta, TN 38583. They seek to obtain an air contaminant permit (Division identification number: 93-0066-01/60369) for operation of an existing Degreasing Operation located at 1500 McMinnville Highway, Sparta, TN 38358. This existing operation consists of dip tanks and associate equipment used to degrease metal parts. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Robert Benjamin is the assigned Division person.

For the White County "Sparta Expositor"--published once on for before Thursday, November 2, 2006.

The applicant is Daily's 7213, with a mailing address of 1740 Ed Temple Blvd., Nashville, TN, 37208. They seek to obtain an air contaminant permit (Division identification number: 94-0290-01/60331) for construction of a Gasoline Dispensing Facility at 331 Hillsboro Road, Franklin, TN 37064. This proposed operation would consist of three gasoline storage tanks and associated gasoline dispensing equipment. Stage II gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Williamson County "Williamson AM"--published once on or before Thursday, November 2, 2006.

FIRST APPLICANT

The first applicant is Mapco Express #3354, with a mailing address of 830 Crescent Centre Drive, Suite 300, Franklin, TN 37067. They seek to obtain an air contaminant permit (Division identification number: 95-0288-01/60186) for construction of a Gasoline Dispensing Facility at 627 S. Hartman Drive, Lebanon, TN 37087. This proposed operation would consist of three gasoline storage tanks and associated gasoline dispensing equipment. Stage II gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

SECOND APPLICANT

The second applicant is Daily's Travel Center, with a mailing address of 1740 Ed Temple Blvd., Nashville, TN, 37208. They seek to obtain an air contaminant permit (Division identification number: 95-0289-01/60329) for construction of a Gasoline Dispensing Facility at 911 S. Hartman Drive, Lebanon, TN 37087. This proposed operation would consist of two gasoline storage tanks and associated gasoline dispensing equipment. Stage II gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Wilson County "Lebanon Democrat"--published once on or before Thursday, November 2, 2006.
